## **Community Empowerment and Institutional Support Project (CEISP)**

The Government of Kenya (GoK) together with the African Development Bank completed the Implementation of the CEISP project in 30<sup>th</sup> October 2016.

### **Objective**

The major objective of the project was to strengthen the decentralized planning system through the establishment of Sub-County Information and Documentation Center's which are expected to be the main platform for sharing information on national development at the sub-county level. In addition the project expected to strengthen the capacity of local communities through availing information and imparting skills that are necessary to improve their participation in local development.

### **Achievements**

As at October 2018 the CEISP project had completed the construction and rehabilitation of 134 sub-county information and documentation center and trained 41,116 community stakeholders as Training of Trainers.

These TOTs are expected to cascade trainings to lower levels at the Sub-County.
